Contents

- Fleet Maintenance / Truck Spec
- Bulk Items
- Bundled vs. Unbundled
- Evaluation Criteria
- Phase in programs

SOLID WASTE
MANAGEMENT
CONSULTANTS

Maintenance Requirements

- Kept in a clean and sanitary condition
- State of good appearance and repair
- Conform with Federal and State laws
- Provide maintenance program
 - Include at what hours / miles performed
- Daily inspection sheets
- Vehicle summary maintenance reports with detail available if necessary
- Assess fines for non-compliance

Maintenance

Why a Win / Win for City and Vendor

**Maintenance costs affect both the City
and the Vendor - ultimately Bid Pricing**

- Extend life of vehicles
- Fluid leaks
- Less down time
- Safety
- Lower overall maintenance costs.

Truck Specifications

To prevent litter and help with small bulk items and/or extra bags

- EX: Manual/Automated Side
 - The arm provides standard automated-style trash can collection
 - A lower sill height allows the operator to manually throw the “little extras”
 - Crusher panel

Bulk Items

- Continue unlimited
- Limit amount (1 or 2 bulk items per PU)
- Limit time to set out (ex: 1st of Mth)
- Landlord Responsibility

Bundled vs. Unbundled

➤ **Bundled**

- Bid Collection, Disposal, Processing together

➤ **Unbundled**

- Bid Disposal
- Bid Processing
- Bid Collection of MSW
- Bid Collection of Recyclables
- Bid Bulk Collection, (greater than 10yds)

Bundled vs. Unbundled

➤ The lowest and best bid for collections of solid waste could be combined with the separate lowest and best bid for disposal

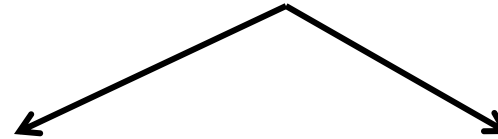

➤ The lowest and best bid for collections of recyclables could be combined with the separate lowest and best bid for processing/marketing

MRF Payment Example

**Material Market Value
Less Processing Fee**

= Net Revenue

(%) City Share

(%) MRF Share

Evaluation Criteria

- The City's goal is to receive the highest quality service at the lowest reasonable cost. May or may not accept the lowest bid
 - Pick topics for Criteria
 - Committee to evaluate topics with aid from subject matter experts

SOLID WASTE
MANAGEMENT
CONSULTANTS

Other Topics Possible for Evaluation Criteria

Rate by level of importance

- Background & Past Performance (Qualifications)
- Cost Proposal
- Proposed customer implementation, customer relations
- Experience (Company / Management)
- Technical capability
- Business Risk
- MWBE Participation
- Other Features

Phase In of Programs

➤ Single Stream

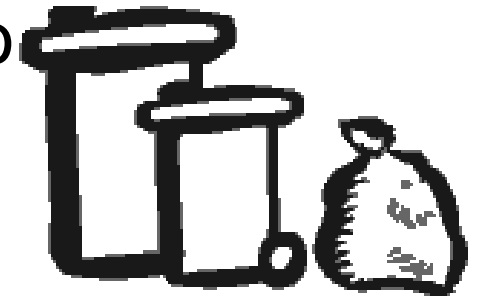

- Phase in over first half of the year
- Deliver carts to only those that will recycle

Single Stream Recycling

➤ PAYT

- Year 2 or 3. planning done first
- City would like to consider a PAYT program and have ability to negotiate changes.
