

CITY OF FORT WAYNE

THOMAS C. HENRY, MAYOR

August 15, 2019

Dear Resident or Property Owner:

We are pleased to inform you that Fort Wayne City Utilities has awarded a contract for the construction of the Stone Lake Stormwater Outfall Project. The project involves the installation of new storm sewer, storm drain inlets, and structures from Stone Lake to the St. Marys River. The concrete street on Mayflower Road will be replaced after the storm sewer has been installed.

Bunn Incorporated has been awarded the contract for construction of the project. Work is expected to begin in September 2019 and be completed with its final restoration in the spring of 2020.

We know that utility construction projects can be disruptive for neighborhoods while they are going on. It is the goal of our staff to keep you well-informed about what is expected to happen during the project. We want you to know who to contact to answer your questions and resolve any construction issues. Please join City Utilities for an opportunity to “Meet the Contractor” and learn more about the importance of the project and how it will impact you:

Wednesday, August 28th at 6:00 PM
Allen County Public Library Shawnee Branch
5600 Noll Avenue, Fort Wayne, Indiana

Please note that we will be meeting at the Shawnee Branch location for this meeting instead of the Waynedale Branch. The library is accessible for persons with disabilities. If you need further accommodation such as a language or sign language translator, please contact the project representative Emily Grabill at 260-427-2706 or by email at Emily.Grabill@cityoffortwayne.org at least 48 hours prior to the meeting so that we can make the appropriate arrangements.

Every effort will be made to maintain the best possible traffic flow during the construction period. Please let me know if you have suggestions about how the City can improve projects like this one or any other City services by calling 311 or 427-8311. For specific questions about this project during the construction period, please contact City Utilities’ Construction Manager for the project: Nick Rupley at 260-427-5576 or by email at Nicholas.Rupley@cityoffortwayne.org

Sincerely,

Thomas C. Henry
Mayor
