

CITY OF FORT WAYNE

THOMAS C. HENRY, MAYOR

February 6, 2019

Dear Crestwood Colony Resident or Property Owner:

I am pleased to inform you City Utilities has hired a contractor to replace water mains on several streets in your area. Water mains on these streets have experienced a large number of main breaks over the past few years. This replacement project will reduce the number of breaks expected in the future and is part of City Utilities' master plan for improving portions of the water main system that serve the northwest part of Fort Wayne.

The project involves installation of approximately 3,570 linear feet of 12-inch diameter and 2,790 of 6 inch diameter water main on Elnora Drive, Buckingham Drive, Beaumont Drive, Westhampton Drive, Dartmouth Drive, Dartmouth Court, and Ridgemont Drive to replace the existing water main. Homes in the area where construction is taking place will be reconnected to the new water mains.

Rothenberger Company, Inc. has been awarded the contract for this project. Work is expected to begin in late February 2019 and be completed by the end of the year.

I know that utility construction projects can be disruptive for neighborhoods while they are going on. It is the goal of our staff to keep you well-informed about what is expected to happen during the project. I want you to know who to contact to answer your questions and resolve any construction issues. Please join City Utilities for an opportunity to "Meet the Contractor" and learn more about this important project and how it will impact you:

Monday, February 18, 2019 at 6:00 PM
Northwood Middle School - Cafeteria
1201 E. Washington Center Road
Fort Wayne, Indiana

The school is accessible for persons with disabilities. If you need further accommodation such as a language or sign language interpreter, please contact the construction contract manager Zack Schaefer, whose contact information is shown below, at least 48 hours prior to the meeting so that we can make the appropriate arrangements.

Every effort will be made to maintain the best possible traffic flow during the construction period. Please let me know if you have suggestions about how the City can improve projects like this one or any other City services by calling 311 or 427-8311. For specific questions about this project during the construction period, please contact City Utilities' Construction Manager for the project: Zack Schaefer at 260-427-2704 or by email at zack.schaefer@cityoffortwayne.org.

Sincerely,

Thomas C. Henry
Mayor
