

# CITY OF FORT WAYNE

THOMAS C. HENRY, MAYOR

**Fort Wayne City Utilities  
Planning and Design Services  
200 E. Berry Street, Suite 250  
Fort Wayne, Indiana 46802**

August 20, 2014

Dear Wyandotte Drive Area Residents or Property Owners:

Fort Wayne City Utilities is developing a design for a project that will help improve drainage along Wyandotte Drive from North Drive to South Drive. The project is proposed to include the installation of a new storm sewer pipe along the east side of Wyandotte Drive, installation of more storm sewer inlets and the creation of shallow ditches along the west side of Wyandotte and on part of South Drive to help direct rain water runoff to the new inlets.

City Utilities engineering staff members would like to meet with you to show you the plans for the project and answer questions you may have.

We hope you will be able to join us:

Wednesday, August 27, 2014  
6:30 PM  
Price Elementary School – Cafeteria  
1901 W. State Boulevard

We will have copies of plans for your review at the meeting.

If you have questions between now and the meeting, or if you cannot attend the meeting but would like to discuss the project, please feel free to contact me at 427-5679 or at [anne.marie.smrchek@cityoffortwayne.org](mailto:anne.marie.smrchek@cityoffortwayne.org). The meeting location is accessible for persons with disabilities. If you need other accommodation such as an interpreter or translator, please contact me at least 48-hours prior to the meeting.

Sincerely,

Anne Marie Smrcek, P.E.  
Senior Program Manager - Stormwater
