GENERAL  
INFORMATION

## **OVERSIZED—OVERWEIGHT VEHICLES**

Traffic Engineering works in conjunction with the Right of Way Department on review of Oversized & Overweight Load applications.

The Traffic Engineering Department will review routes and determine if there are any conflicts or problems with the proposed route and may suggest alternate routes.

Bridge evaluation may be required if the weights exceed posted or recommended weights. The cost of evaluation will be the responsibility of the carrier.

General Information on what would require an OS/OW Permit:

- Truck Width > 10'-6"
- Height of Load > 13'-6"
- Length of Truck & Trailer > 85'-0"
- Maximum Gross Weight > 80,000lbs (40 T)

If there are questions or concerns with the intended route or load, please contact the ROW office 260-427-6155.

A Minimum of 72 HR Notice is needed for all OS/OW Permits
